

FREEDOM OF INFORMATION REQUEST

May 3, 2018

Lissy Ilbert
via the FOI website

Dear Lissy Ilbert,

regarding your Freedom of Information request titled "rusty trombone" we collected the following information:

Rusty trombone is an act in which a man stands with his knees and back slightly torqued with feet at least shoulder width apart to expose his anus. The "player" typically kneels behind the man and performs anilingus while reaching up beneath the testicles or around the body to manually administer rapid up and down motions of the penis, mimicking the motions of a trombone player. The act is defined primarily by the physical orientation of the partners, the combination of anilingus with manual sexual stimulation and the resemblance of the anal sphincter to a trombone mouthpiece; however, other positions and variations are possible.

Sincerely,

John Smith
FOI Manager
