

FREEDOM OF INFORMATION REQUEST

May 3, 2018

Nathalia Shewmaker
via the FOI website

Dear Nathalia Shewmaker,

regarding your Freedom of Information request titled “camel toe” we collected the following information:

Camel toe, or cameltoe, is slang for the outline of a woman’s labia majora in tightly fitting clothes. Owing to a combination of anatomical factors and the tightness of the fabric covering the area, the crotch and mons pubis may display a shape resembling the forefoot of a camel. Camel toe commonly occurs as a result of wearing tight-fitting clothes, such as shorts, hotpants or swimwear.

Sincerely,

John Smith
